DATA ANALYSIS EXPERIENCE

Data Analytics Capstone Project • *Google Data Analytics Professional Certificate, Virtual* 11/2022

- Imported 12 excel datasheets with millions of entries into MySQL database, then used SQL to clean the datasets and prepare them for analysis
- Joined all of the datasets together, created subsets of the data, and converted each attribute to the proper data type before performing analysis to find differences between members and casual customers
- Developed visuals using Tableau to display the analysis results and provide meaningful conclusions for stakeholders to act on

PROFESSIONAL EXPERIENCE

Patient Experience Rep. - MultiCare Health System, Spokane, WA 3/2020 - 7/2022

- Enhanced patient experience at an ambulatory clinic by promoting a warm and welcoming environment as the first point of contact.
- Provided a high level of patient care by answering general questions or directing specialized inquiries to the appropriate medical team
- Ensured the success of the clinic and facilitated smooth daily operations by taking inbound phone calls, sorting mail, faxes, and inter-office mail, answering questions, and scheduling.

Certified Nursing Assistant - Riverview Retirement Community, Spokane, WA 10/2018 - 2/2020

- Implemented patient care plans, provided direct and indirect patient care, and maintained accurate records and documentation.
- Supported nursing team by assisting RN with delegated activities of the nursing plan, transportation, and clerical tasks.
- Maintained patient confidentiality and adhered to professional standards, hospital, state and federal policies at all times.

EDUCATION
